EVOLVE[®] POLY LUMBER

Material Characteristics

- Solid Color To Core
- Durable, Wear Resistant
- Resistant To Most Chemicals
- Fade & Flame Resistant
- Won't Splinter Or Sliver
- Machinable

Application Benefits

- Trim Costs
- Increase Product Life
- Reduce Wear
- Minimize Downtime
- Variety Of Colors

EVOLVE custom extrusions are solid to the core, so even when cut the exposed product maintains an attractive, consistent color. This consistent core of color means products made with EVOLVE look newer longer, because scratches and dents are nearly indistinguishable.
